

MAGNIFICENT TOURS
NIAGARA'S LARGEST TOUR COMPANY

SUMMER **SCENIC** TOUR

Experience the Sights and Thrills of Niagara's most amazing attractions!

HORNBLOWER NIAGARA CRUISES

"The thrill ride of a lifetime" you cannot experience anywhere else and will never forget! The exhilaration of sailing close to these torrential, turbulent and powerful waterfalls is breathtaking! Fun lovers stay on the outer and top decks for the swirling windy mists for the ultimate ride. You may get wet but plastic souvenir ponchos are supplied free. The route to the boat is accessible and safe for any age. Protective glassed-in areas to sit or stand for those who want a little less excitement and adventure. "The most amazing thing I've ever seen!"

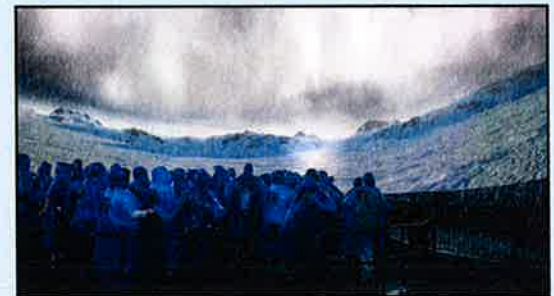

JOURNEY BEHIND THE FALLS

The thunderous vibration and roaring sounds of the mighty fast-flowing waters from the Niagara River engulf you as you explore the 130 year old tunnels to the lookout portals behind the Horseshoe Falls. This water flow is enough to fill one million bathtubs per minute! On the lower outdoor observation deck experience the cascading of the water crashing down 56 meters (185 feet) into the deep waters below. "A magnificent and wonderful experience!"

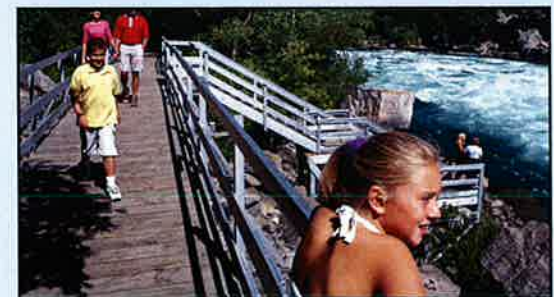

NIAGARA'S FURY

Standing in the mist on a massive platform you will feel the full wrath of Mother Nature as the floor tilts and trembles beneath you. Incredible images produced with technology previously used only in satellites and medicine will immerse you in a "4D" Universal Studios-style experience.

WHITE WATER WALK

Take a 70 meter (230 feet) elevator ride down to the riverside, walk the boardwalk and feel the raw power of one of the wildest and most powerful rivers in the world downstream from Niagara's three mighty waterfalls! Perilous Class 6 whitewater rapids crash and rise more than 15 meters (50 Feet) right in front of your eyes! Learn all about geology of the Niagara river as you gaze up the 62 meters (200 feet) cliffs on either side and their multiple layers of rock, making it obvious why the Falls have eroded 11 km (7 miles) over about 5,000 years. This self-guided educational tour has multiple plaques with information on flora, fauna and rock formations. Loads of fun and educational, the kids love it!

PLUS

You will also receive **2-DAY WEGO PASSES**.

If you have further questions please feel free to call us at 905-358-4002 or toll free at 1-888-614-8687.
We hope that you enjoy your time in Niagara and we look forward to your arrival. MagnificentNiagaraFallsTours.com
