

## OPANA WORKSHOP SCHEDULE -SEPTEMBER 30<sup>TH</sup>, 2017

The objective of the 2017 OPANA workshop is to move through key advanced PeriAnesthesia concepts quickly and succinctly; therefore, it is assumed attendees have basic understanding of PeriAnesthesia nursing. The workshop is designed to provide additional information that may be helpful in PeriAnesthesia nursing practice; and to assist nurses writing the CNA PeriAnesthesia nursing examination with highlighted information whereby to focus their exam preparation studies. A smart phone game-based learning platform will be utilized to test your own knowledge of material presented during the workshop. Bring your cell phone!
